

PROGRAM OUTLINE

ANZICS/ACCCN
Intensive Care ASM
11-13 October 2017
Gold Coast Convention
and Exhibition Centre
Queensland

WEDNESDAY 11 OCTOBER 2017

08.30 - 12.00	Workshop 1	Workshop 2	Workshop 3	Workshop 4	Workshop 5	Workshop 6
08.30 - 10.00	ECHO Simulation	Allied Health	Simulation	Organ Donation Conversation	Paediatrics	Intensive Care Foundation Workshop: Vascular Access
10.00 - 10.30	Workshop Morning Tea					
10.30 - 12.00	ECHO Simulation	Allied Health	Simulation	Organ Donation Conversation	Paediatrics	Intensive Care Foundation Workshop: Vascular Access
12.00 - 13.00	Workshop Lunch and Industry Exhibition					
13.00 - 15.00 Opening Ceremony and Plenary Session 1						
13.00 - 13.05	Welcome to Country					
13.05 - 13.10	President, ACCCN – Diane Chamberlain					
13.10 - 13.15	President, ANZICS – Marc Ziegenfuss					
13.15 - 14.00	Oh Sh**! They're Bombing our Hospital! The New Paradigm of Today's War Dr. Kathleen Thomas					
14.00 - 14.30	Thinking Differently About Improving Recovery after Critical Illness Prof. Leanne Aitken					
14.30 - 15.00	Why Everything we Know is Wrong Prof. John Ioannidis					
15.00 - 15.30	Afternoon Tea and Industry Exhibition, Poster Viewing, Interactive Zone					
15.30 - 17.30	Concurrent Session 1	Concurrent Session 2	Concurrent Session 3	Concurrent Session 4	Concurrent Session 5	
	Paediatric	Facts or Fiction – What Should I Know and what Should I Believe	Free Papers	Microbiology	Free Papers	
	Paediatric Cardiac Surgical ICU in the Next 10 Years Dr. Sarah Tabbutt Paediatric Ventilation in the Next 10 Years A/Prof. Andreas Schibler Family Involvement in the Next 10 Years Dr. Lyvonne Tume Infection and Sepsis in the Next 10 Years A/Prof. Luregn Schlapbach	First we had Culture and Spirituality Dr. David Cook Does What I Think I Know Matter Anymore? A/Prof. Peter Kruger Why Fake News Works Prof. Lionel Page How Could Routinely Collected Health Data Replace RCTs Dr. Sarah Tabbutt What Should you Believe and What do you Need to Know? Prof. John Ioannidis Q&A		Working in a Resource Poor Highly Contagious Environment Dr. John Gerrard Polishing the Tarnished Silver Bullet – The Quest for New Antibiotics Dr. Steve McGloughlin The ICU ID Interface Dr. Steve McLoughlin Nosocomial Infections in the ICU: Impact of the Single Room Environment Dr. Deborah Macbeth Who Should do Anti-microbial Stewardship in the ICU? A Debate Prof. Jeff Lipman and Dr. Andrew Jones		
17.30 - 19.00	Welcome Reception					

THURSDAY 12 OCTOBER 2017

07.30 - 08.30					
Breakfast Session 1		Breakfast Session 2		Breakfast Session 3	
Targeted Temperature Management for the Critical Ill Patient Dr. Dion Stub & Dr. Paul Young Sponsored by BAIRD MEDICAL					
08.30 - 10.00					
Plenary Session 2					
08.30 - 09.00 Disaster Response to the London Bombings Dr. Gareth Davies					
09.00 - 09.20 Implementation of Evidence-Based Integrative Therapies in Critical Care Dr. Elizabeth Papathanassoglou					
09.20 - 09.40 Updates in Sepsis Management: Current Issues and Controversies Prof. Ruth Kleinpell					
09.40 - 10.00 CPR Doesn't Finish Until You're Plumbed In: eCPR Dr. Sarah Tabbutt					
10.00 - 10.30 Morning Tea, Industry Exhibition, Poster Viewing and Interactive Zone					
10.30 - 12.00					
Concurrent Session 6		Concurrent Session 7		Concurrent Session 8	
Free Papers		Caught in a Rip? Our Work and Workforce		Global Rising Stars	
		Health Service CEO's Perspective on ICU Workforce Issues Dr. Peter Bristow Clinical Director's Perspectives on ICU Workforce Issues Dr. Vineet Nayyar College Perspective on ICU Workforce Issues Prof. Bala Venkatesh Workforce Burnout Survey Dr. Shona Mair ANZICS Suggestions and Recommendations Dr. Mark Nicholls			
				Free Papers	
				What the Experts Think Transplant Haematology for the Intensivist Dr. Cameron Curley How I manage Cerebral Vasospasm Dr. Celia Bradford How I manage Right Ventricular Failure Prof. Alain Coombs Abdominal Compartment Syndrome Dr. Robert Wise Can we Help Patients to Sleep in the ICU? Prof. Leanne Aitken Telehealth for ICU Prof. Ruth Kleinpell Patients' Rights In Critical Care: What is the Evidence? Dr. Elizabeth Papathanassoglou Metabolic Monitoring in the Critically Ill Emma Ridley	
12.00 - 13.30					
Lunch, Industry Exhibition, Poster Viewing and Interactive Zone					
Lunch Symposium Teleflex					

THURSDAY 12 OCTOBER 2017 (CONTINUED)

13.30 - 15.30	Concurrent Session 11	Concurrent Session 12	Concurrent Session 13	Concurrent Session 14	Concurrent Session 15
	Best Paediatric Medical Papers	Disaster Relief – Who are you Going to Call?	Thinking About Controversies	Free Papers	Preparing for the Future of Critical Care Nursing
		<p>Chair: Air Commodore Jenny Lumsden</p> <p>Army Capability in Disaster Management Major Patrick Bates</p> <p>Navy Capability in Disaster Management CMDR Anthony Holley</p> <p>Airforce Capability in Disaster Management SQNLDR Cameron Brockel</p> <p>Pro-Con Debate: Should the Military be Deployed in Disaster Relief? Con: Dr. Nikki Blackwell Pro: Commodore Elizabeth Rushbrook RANR</p> <p>How Does the Government Respond to a Disaster? Admiral Jenny Firman</p> <p>Q&A</p>	<p>Is our Evidence Base Fatally Flawed? Con: Dr. Paul Young vs. Pro: Prof. John Ioannidis</p> <p>Has Medutainment Replaced Education? Con: Dr. Chris Nickson vs. Pro: Prof. Bala Venkatesh</p> <p>Open or Closed Lung Open: Prof. David Tuxen vs. Closed: Prof. Danny McAuley</p> <p>Team-based Care in the ICU Needs to be Reconfigured Con: Prof. Leanne Aitken vs. Pro: Prof. Ruth Kleinpell</p>		<p>Workforce in Australian ICUs: Current Standards Prof. Paul Fulbrook</p> <p>Best Practice in ICU: Can Current Workforce Profiles Accommodate Implementation? Dr. Frances Lin</p> <p>Advanced Practice in Australian ICUs A/Prof. Tom Buckley</p> <p>Strategies to Support Critical Care Nurses' Psychological Health Petra Strube</p> <p>Building an Educated Critical Care Workforce Dr. Fenella Gill</p>
